## A Thanksgiving Prayer.

O Lord, our God, Thy mighty hand  
Hath made our country free;  
From all her broad and happy land  
May worship rise to thee.  
Fulfill the promise of her youth,  
Her liberty defend;  
By law and order, love and truth,  
America befriend.  
Through all the waiting land proclaim  
The gospel of good-will;  
And may the joy of Jesus' name  
In every bosom thrill.  
O'er hill and vale, from sea to sea,  
Thy holy reign extend;  
By faith and hope and charity,  
America befriend.

John C. Thurmond is telling this one on his bright little grandson, John III, and Walter Cox, the 300-pound capitalist, both of whom happened to be on hand when the floor of the Gracery church gave way the other night. He says little John came home and said excitedly:  
"Grandpap, the bottom dropped out of the Methodist church tonight."  
How did it happen, son?  
"Walter Cox done it."

Two Zeppelins which raided the northeast coast of England during Tuesday night were brought down and destroyed by British airmen, and it is understood the crews of both ships perished. The same night a German airplane dropped six bombs on London and escaped. Four persons were injured.

Kentucky Republicans are preparing to beat the Democrats to a formal declaration on submission of the prohibition amendment. Chairman E. T. Franks is expected to call the state committee together to act on the question soon.

The government's investigation has disclosed that the cost of producing print paper has increased \$6 a ton. The paper trust has increased the price to the newspapers \$86 a ton.

New representations are about to be made to the German government by the United States concerning the deportation of Belgian civilians for labor in Germany.

A special turkey train of 59 cars conveyed 88,000 Kentucky turkeys alive to New York City. They were assembled at Cincinnati and the cargo was valued at \$400,000.

Hon. John W. Newman, of Louisville, and Miss Jane Slem, a sister of Congressman Slem, will be married at Big Stone Gap, Va., today.

The trial of C. C. Trabue who killed Harry Stokes in Nashville last April came to an end yesterday. The defendant was acquitted.

Prospects are not good for the opening of the loose floor market Dec. 5. A good rain is needed.

Madisonville people sent Co. E a box of Kentucky "cats" for Thanksgiving.

Everybody who is alive has something to be thankful for.

## TURKEYS ARE OFF.

With the closing of the Thanksgiving market turkeys dropped Monday from 23 cents for all grades to 20 cents for hens and 18 cents for gobblers. Whether the prices will react for the Christmas trade is still a matter of doubt. The Haydon Produce Co. on Tuesday bought of W. T. Mitchell a 29-pound gobbler that brought \$5.22 at 18 cents a pound. Yesterday there was a further drop of 2 cents, the highest prices offered being 16 cents for gobblers and 18 cents for hens. Some sales were made at these prices.

## Bid For Pool.

G. O. Tuck & Co., have offered to take the pool of the Farmers Co-operative Association of Green River tobacco at \$12 to \$7 for leaf; \$10 to \$7 for lugs and \$5 for all trash. County meetings will consider the offer.

As Germans Approach Within 37 Miles of Rumanian Capital.

LACK OF REINFORCEMENTS  
Officials Move to Jassy, Near Russian Frontier—37 Miles from Capital.

Paris, Nov. 29.—The Rumanian government and diplomatic authorities have left Bucharest and gone to Jassy, according to a Havas dispatch from Bucharest.

Jassy lies about 200 miles northeast of Bucharest near the Russian frontier.

The operations of the Teutonic allies in Rumania have brought them appreciably nearer Bucharest and are still progressing from the north and west and to the south and southwest.

The operations in Macedonia are somewhat clouded by reason of divergent reports. Berlin says that north of Monastir renewed attacks by the entente allies failed while the Serbian war office claims that in fighting along the entire front, the Serbs at several points made advances of several hundred meters. Sofia on the other hand, asserts that attacks on Hill 1050 and the village to Jaralovo were put down by the Bulgarians and Germans, as likewise was a British offensive in the Vardar region south of the village of Bogoraditza.

On the front in France and in the Austro-Italian theater nothing but bombardments have taken place.

QUEER FIRE  
BURNS AUTO

W. E. Pace Loses His Car on the Road Near Fairview.

Judge W. E. Pace, the insurance man, of Greenville, who spends much of his time here, lost his automobile by fire in a peculiar way, near Fairview, a day or two ago. Something got the matter with his machine and he used a wrench until it became very hot. He repaired the machine and replaced the wrench in its box and shortly afterwards the car was discovered to be on fire and quickly burned up and was totally destroyed. He telephoned to this city and another car went out and brought him in.

NARROW ESCAPE  
Of Miss Lula Leigh Berry From a Horrible Death.

Details of the death of Miss Dolores Noblett on Nov. 20, at Shelbyville, Tennessee, have been received in a letter from Miss Lula Leigh Berry to her parents, Mr. and Mrs. A. L. Berry. Miss Berry is a music teacher in the school attended by Miss Noblett and was with her when the accident occurred that caused her to be burned to death. They were in a room of Prof. A. J. Brandon's house and Miss Noblett in placing her foot against a small heating stove upset the stove on the floor. She hastily ran down the steps and returned with a bucket supposed to contain water. She threw the liquid on the hot coals. It proved to be gasoline and the flames flared up and enveloped Miss Noblett and singed Miss Berry's hair. In the stampede of several girls to get down the steps, Miss Berry lost her balance and fell down the stairway, but escaped serious injury. Miss Noblett's clothing was quickly burned off and her body was terribly blistered with the heat and she died the next day.

## Cause To Be Thankful.

Governor Stanley Issues His Annual Thanksgiving Proclamation.

Frankfort, Ky., Nov. 29.—Gov. Stanley Monday issued his Thanksgiving proclamation, fixing Thursday as Thanksgiving day. It follows:

"While in half of the world shattered households watch and pray in the midst of hunger and desolation for the dead and maimed upon fields of battle, or for the preservation of dear ones who yet endure the perils and the privations of pitiless war, here happy and unbroken families about bright firesides in the midst of peace and plenty, thank Him, whose loving kindness endureth forever, for the harvest, for industrial prosperity, for domestic tranquility and for national security.

"We are indeed a chosen people cherishing, not without cause, the fond hope that under munificent providence of God and the wise guidance of patriotism and patient statesmen, these United States may emerge from the tragedy of all the ages with national honor unsullied and without the loss of one precious life. It is peculiarly appropriate that we should, with reverent hearts, devoutly thank the Giver of all good and perfect gifts for the multiplied blessings of peace, happiness and prosperity."

## DEATH CLAIMS

## NOBLE WOMAN

Mrs. Emma C. Glass Falls Asleep at the End of a Well Spent Life.

Mrs. Emma C. Glass, widow of the late John P. Glass, died at her home at 603 South Campbell street, at 8 o'clock Tuesday morning, following a stroke of paralysis a few days before.

Mrs. Glass was born in Salem, N. J., in 1827, and was in the 90th year of her age. When seventeen years of age, she was married to Mr. J. P. Glass, then residing in Philadelphia. During the civil war they came to Hopkinsville and Mr. Glass was long engaged in the mercantile business and died many years ago.

Mrs. Glass' only daughter, Miss Emma Glass, was married to Mr. G. E. Gaither. She died more than ten years ago and Mrs. Glass had continued to live at the home of her son-in-law. She was a lifelong member of the Episcopal church and a devoted christian, a great worker in dispensing charity and relieving suffering. Her goodness and kindness of heart were proverbial.

On the day she was paralyzed she was apparently in excellent health up to the time she was stricken and had been out driving. Her funeral services were held yesterday afternoon at 3 o'clock, at Grace Episcopal church, conducted by Rev. Geo. C. Abbott. The interment was in Riverside Cemetery.

## HIGHEST PRICE

Reported For Big Crop of Tobacco This Season.

V. M. Acree, of near Oak Grove, this week sold his crop of 80,000 pounds of tobacco at \$11 round, without any limit on lugs. His crop is very fine and the sale brings him \$8,600. Other prominent farmers are turning their crops loose at the present satisfactory prices.

## Villa Victorious.

For the first time since the report gained circulation, a Carranza official at Juarez has admitted the possibility that Gen. Trevino has been forced to evacuate Chihuahua city because of a shortage of ammunition.

## Hit By Sneak Thief.

Mrs. Ruby Hall was hit over the head and knocked unconscious by a negro as she was descending the steps of her home in Henderson Sunday night. The negro, evidently a thief, made his escape.

## Warning Flashed.

A wireless warning to lookout for German submarines off the American coast was flashed at sea to the American steamship Kronland, which arrived from Liverpool.

## COAL CARS

Railroads of Northwest Take Step to Relieve Country-wide Shortage.

Washington, Nov. 29.—Railroads of the northwest have agreed to aid the campaign for relief of the country-wide car shortage by putting about 16,500 of their ore cars in the coal-carrying service. This was announced here by American Railway association committee on car efficiency.

The ore cars will be used on the Chicago & Northern and the Soo line and their immediate connections, releasing a large number of regular coal cars now in this territory for general commercial use.

During the day the committee announced that all roads having on their lines more box cars than they themselves own had been ordered to move the excess, loaded or empty toward lines which have fewer cars than they own. Within the last week orders for the return to their owners of coal and fruit cars have been issued.

The committee made public a statement of box car locations on Nov. 1, showing large excesses on some roads and deficiencies on others. The Pennsylvania headed the list of the former with 30,963 more cars than it owned; the Boston and Maine had an excess of 11,118; Southern Railway 8,496; New Haven 7,520; New York Central 9,732; Erie 6,219; Philadelphia and Reading 6,054 and Chesapeake & Ohio 5,656.

Of the roads holding fewer cars than their own, the Grand Trunk Pacific was first with a deficiency of 7,670; Seaboard Air Line was short 7,088; Illinois Central 7,038; St. Louis Southwestern 6,924; Southern Pacific 6,506; Union Pacific 6,224; Louisville & Nashville 5,890; Atchison, Topeka & Santa Fe 4,824; M. St. P. & S. S. M., 4,454; Nashville, Chattanooga & St. Louis 4,083; Mobile & Ohio 3,683 and Chicago, Burlington & Quincy 3,315.

## CONTRACT BUTTER.

A good many of the city housekeepers have from year to year had verbal contracts for butter at 30 cents the year round, paid even in summer when the market drops below that figure. Since the price has gone up, a good many ladies have been notified that butter would no longer be supplied them at the contract price.

## TWENTY CONVERSIONS.

The Waters revival at Gracey is a very successful meeting. Up to Wednesday night there had been 20 conversions. The meeting will close Sunday night and Mr. Waters will go to Dawson Monday to begin a meeting.

Marine Perils and Railroad Embargoes Cause Owners to Sacrifice Grain.

Chicago, Nov. 29.—Railroad embargoes and marine perils that threatened to bring shipments of grain to a standstill, led Tuesday to a semi-panic in the wheat market. Exciting breaks in value as much at times as 13¢ a bushel, were followed by partial rallies. The close nevertheless, was wild at \$1.66 to \$1.76½ for December at \$1.74½ to \$1.75 for May with the market as a whole 5 to 7¢ under yesterday's finish. Other leading staples too, all showed a set back, corn 2 to 2½¢; oats 2½ to 3 and provisions 10 to 30 cents.

Local advices yesterday were that the Chicago market had rallied and that the price was 3 cents higher than the day before.

HAVE YOU PAID  
BETTER DO IT

This Is The Last Day To Escape The Penalty on County and City Taxes.

All day yesterday and in fact for the last several days the offices of both the county sheriff and the city commissioners have been busy places. Lines of taxpayers have been at both places waiting their turn to pay county and city taxes to escape the 6 per cent. penalty that goes on after today.

Miss Carrie Johnson, Miss Nora Higgins and other office deputies have been helping Sheriff Jewell W. Smith and many thousands of dollars have been paid this week. Everybody's state and county taxes are higher this year, owing to the road bond issue of \$400,000, but few people who are able to pay will allow the penalty to go on. At the city office Commissioners W. R. Wicks, F. H. Bassett, Clerk C. O. Prowse and Mayor R. T. Siowe are all taking a hand. All are officials of clerical ability and are handling the rush of business with "neatness and dispatch." They will keep open house until midnight to-night to give everybody a chance.

## SEVERAL OPERATIONS

During Last Few Days at Jennie Stuart Hospital.

Mrs. J. W. Love, Gracey, Ky., was operated upon Monday. Her condition is satisfactory.

Miss Sudie Backus, Gracey, was operated upon Tuesday and is doing well.

Mrs. E. R. Watson, near the city, was operated upon Sunday and is doing well.

Mrs. A. E. Keeling, city, who underwent an operation Saturday, is improving.

Miss Mary Mitchell, Canton, Ky., was operated upon Friday, is getting along nicely.

Mrs. H. C. Freeman, of Cadiz, who underwent an operation Saturday, is progressing towards recovery.

Miss Jackie Lunderman, Pembroke, and Mike Bailey, Earlington, are convalescent.

Mrs. Frances Thomas, aged 77, died at Cerulean Springs Tuesday.

## FEARFUL

## INJURIES

Sustained By a Strange Woman Now at Jennie Stuart Memorial Hospital.

MAY BE FATALY BURNED

Naked And Suffering She Walked Five Miles Barefooted.

A strange woman who gave her name as Katherine Denton and her home as St. Louis arrived at the Hill House Tuesday. She was neatly dressed, wore glasses and was about 35 years old, at 1 p. m., she gave the proprietor \$5 to keep for her and said she would take a walk, and left with a suit case. Some time later she was at the forks of the Princeton and Cadiz road, 2 miles out, and asked Mr. Tinsley which was the road to Princeton. She continued on foot five miles to a colored school house near Brick church. She entered this and finding a fire still burning in the stove she took off her shoes and glasses and, she says, lay down to sleep. During the night she awoke to find the house on fire and escaped with her clothing in flames and every stitch of clothing she wore was burned off. Her suitcase, shoes and glasses were lost in the fire. Naked and suffering from perhaps fatal burns she started back to town and came 5 miles to the forks of the road, where she found an old sack on the porch of a vacant store and wrapping it about her waited until daylight and then went into the house of C. H. Tinsley nearby and got into a bed while Mrs. Tinsley was getting breakfast. Discovered soon afterwards, aid was telephoned for and Dr. F. M. Stites went to the scene and rendered such surgical aid as he could. Later the furniture truck of the Waller & Trice Co., went out and conveyed her to the Jennie Stuart Hospital, where she is with slight prospects of recovery.

She is fearfully burned about the face, neck, shoulders and back and the soles of her feet are lacerated from walking on the new pike for five miles. Her burns are bad enough and the exposure she endured is liable to produce pneumonia or other complications.

The woman does not appear to be demented but gives no account of herself, except she says she has no friends and came here looking for work.

CIVIC LEAGUE  
TO PERFORM

At The Christian Church This Evening From 7 to 8 o'clock.

The Civic League and Wednesday morning Music Club will have an open meeting together at the Christian church this evening from 7 to 8. The public is cordially invited to attend. There will be no charge, nor will a collection of any sort be taken. Prof. Lloyd E. Foster will have charge of the musical numbers. Everybody will be asked to join in the singing—Community music is for everybody.

Short talks will be made by Messrs. Alfred H. Eckles, Chas. M. Marcham, T. C. Underwood and C. R. Clark. The public is cordially invited to attend.

## MISS COOK'S HOUSE PARTY.

Misses Jennie Vee Renfro, Margaret Carson, Lucy McCormick and Shelly Rhodes, of Bowling Green and Sara Belle Wharton, of Cadiz, are visiting Miss Sarah Cook, who will entertain this evening in their honor, at the home of her parents, Mr. and Mrs. Jas. O. Cook.

The Czar of Russia is said to be on  
his way to the Rumanian front to con-  
fer with King Ferdinand. His army  
would be more welcome just now.

During the absence of Gen. Wil-  
liams, who is visiting Gen. Pershing

George Rowland, a well-known  
business man, of Owensboro, died of

the discovery of the man's death.

Charles E. Hughes announces that  
on Jan. 1, he will resume the practice  
of law as a member of the New York  
city law firm of Rounds, Schurman  
and Dwight, 96 Broadway. His son,  
C. E. Hughes, Jr., also will enter the  
firm it is said. In 1906, when Mr.  
Hughes was nominated for governor  
of New York, he was a member of  
the same law firm. With Mr.  
Hughes again in the firm, its new  
name, will be Hughes, Rounds,  
Schurman and Dwight.

After a whirlwind of selling that  
caused an extreme setback of 92 cents  
a bushel in the wheat pit Monday,  
prices made something of a rally  
owing to an unexpected decrease in  
the United States visible supply. Pos-  
sibilities of a resumption of subma-  
rine hostilities near the United States  
and of an embargo on export ship-  
ment of foodstuffs were all factors in  
bringing about the smash in values.  
The close was weak 31 to 44 cents  
net lower with December at \$1.73½ to  
\$1.73½ and May at \$1.80 to \$1.80½.

The British foreign office has sent  
Ambassador Page a note definitely  
refusing to grant a safe conduct to  
Count Adam Tarnowski von Tarnow,  
the new ambassador from Austria to  
the United States, saying even if in-  
ternational law forbade the refusal of  
such safe conduct, the actions of  
Austrian and German embassies and  
consulates abroad have been so much  
in excess of regular diplomatic func-  
tions that the British government  
feels justified in withholding its con-  
sent for such diplomats to travel to  
their posts. Another controversy  
between the American government  
and the entente allies is in prospect  
as a result of the refusal.

Evansville has in Mayor Bosse a  
sure enough Mayor. He has person-  
ally guaranteed 12-cent coal to Evans-  
ville by threatening to buy a mine  
offered to him in order to keep the  
price down. He has now mapped  
out another program. "Something  
must be done," declared the mayor,  
"to head off threatening conditions in  
the food line. Prices are being  
boosted without any good reasons.  
I believe the municipal wholesale  
market will assist in heading off  
further increases. Although it is  
an experiment, if it is successful, as I  
hope and expect it will be, the mun-  
icipal wholesale market will be made  
a permanent thing here."

"Dumping" is a word of English  
origin designating a commercial prac-  
tice which consists of establishing for  
one and the same product two scales  
of prices, viz., a relatively high price  
for the home market, and lower prices,  
variable according to circumstances  
and in many cases lower than the cost  
of production, for foreign markets.—

## If the Boy in Blue Is Disabled

By LAURA JEAN LIBBEY

(Copyright, 1932.)  
Then they shall know their friends though  
much.  
Will have been lost—the help in strife,  
The thousand sweet, still joys of such  
As, hand in hand, face earthly life.

Among the many letters which come  
to me is one which has touched my  
heart deeply. It

is from one of  
our boys in blue,  
a soldier, and is  
in part as fol-  
lows: "I am in  
sore distress of  
mind and am  
writing to you for  
not only consola-  
tion, but advice.  
While connected  
with the army at  
I met and  
loved a beautiful  
girl, our com-  
mander's daugh-  
ter. She returned  
my affection, and  
it was settled  
that we should  
wed. I was called upon for active  
duty across the border and that event  
has changed the course of my life. I  
believe. In several skirmishes I fared  
worse than my companions, being  
wounded twice. When I bade good-  
by to my sweetheart I was a stalwart  
fellow, as good to look upon as the  
general run of young men, auditions  
to a fault, anxious to rise to the very  
height of what an army man may ob-  
tain as to position.

"One of the wounds is in the ankle  
which will leave me crippled for life.  
The other—an explosion—has so  
seamed and scarred my face that I  
am repulsive to look upon. The ques-  
tion is, should I hold the girl I love  
better than my life to marry me—if I  
am destined to return—or write her  
dissolving the bonds? I cannot bear  
the thought that she might look upon  
me with repugnance—that would be a  
living death to me. You are a woman  
and understand the hearts of women  
better than almost any one else.

Will you tell me what I should do for  
her happiness and mine?"  
There are few sadder cases of the  
blighting of love's young dream, but  
from one end of the world to the other  
there exists at the present moment  
many thousands of such cases which  
disabled soldiers are trying to fight  
out on their coats of pain. Unfortun-  
ately they do not understand the  
hearts or nobility of women under such  
circumstances. With but few excep-  
tions, when a young girl gives her  
heart to her lover it is not because of  
his manly beauty in face or form, his  
ambition to forge ahead. It is his  
winning personality, that wondrous,  
inexplicable attraction and influence  
which draws hearts intended for each  
other together. Sorrow and misfortune  
make the object of a true woman's af-  
fection doubly dear to her. A love  
that veers when so tested is not the  
grand, true kind upon which man can  
build the hopes and trust of a life-  
time.

Before harboring the thought of  
parting, a man should throw himself  
upon the mercy and wishes of his  
sweetheart, leaving it with her to de-  
cide.

If the thousands of maimed soldiers  
abroad who have put this question up  
to their waiting sweethearts whom  
they left behind, I am glad, nay,  
proud, to say it has been voiced  
for that not one of the wounded heroes  
had cause to regret giving the strong,  
enduring love of his heart to the ten-  
der-hearted girl who in each instance  
quickly wrote him that he need have  
no fear her heart could ever change,  
and that she would stand by her hero  
unto death.

Such letters are life elixirs to the  
boys in blue facing the enemy's shot  
and shell to guard their country's  
honor. The dear loves at home nerve  
the soldier to do his best. What joy  
to know that whatever woes befalls  
him there are wide-stretched arms  
waiting to clasp him, a heart that is  
true as the stars of heaven. The love  
of a true woman cannot alter.

## STAR OF FILM DOM

BLANCHE SWEET.

Actress produced by the movies, who  
never has spoken before an audience,  
but is a familiar figure to millions.

## Fashion's Decrees

Gaucherline grows in favor and use,  
wearing as well as serge.  
Some of the new veils are edged  
with jet spangles, irregularly worked.  
Fancy metal bands are coming in  
for millinery purposes.

The nose veil is very smart and may  
be seen all winter.

Colored linens are much used for  
children's wash dresses.

The carriage plait is retained in the  
new French costumes.

Black net robes for evening are bor-  
dered with colored silk.

Broad bands of fur will be seen on  
the trunks of full dresses.

Gold brocaded silk makes the pretti-  
est of evening slippers.

Castor and gray are the best colors  
—after black—for shoes.

Broad-brimmed high-crowned hats  
are in straw of two colors.

The vogue for gray shoes has in-  
creased the demand for gray gloves.

Cyclamen-colored satin velvet with  
royal blue net is a new combination.

Coats of white serge are much to  
be worn with navy taffeta dresses.

The modified circular skirt with belt  
is in high favor for tailored suits.

## Clever Salt Shaker.

Recently a cleverly devised salt  
shaker was made, the makers of which  
claim that it will loosen clogged salt.  
It is of clear glass with a noncorrosive  
white metal top. A spiral loop of wire  
which occupies the center of the shak-  
er is turned by a twist of the knob  
above the lid. The coil of wire when  
turned reaches every part of the in-  
terior of the shaker, thus breaking up  
the salt.

SOME DON'TS  
For the Poultry Raiser

Don't overcrowd your chicks.

Don't fail to remember that fresh  
air and plenty of it is vitally neces-  
sary to all animal and bird life, chick-  
ens included.

Don't fail to supply your fowls with  
dry quarters.

Don't fail to keep the chicks and  
layers active, clean and happy.

Don't use inferior, musty or waste-  
product foods for your poultry.

Don't expect record egg yields from  
old hens.

Don't fail to keep your poultry and  
all equipment in a sanitary condition.

Don't get lax when things are going  
well.

Don't expect profitable winter egg  
yields unless you enforce exercise and  
supply animal and green food in proper  
form and quantities.

Don't expect to continue in the poultry  
business without being able to  
hatch and rear your chicks.

Don't expect livable chicks without  
vigorous breeding stock.

Don't forget to cull. Kill every  
weakling in sight. Take no chances in  
this matter.

Don't use or rely on poor tools with  
which to work.

Don't fail to follow instructions in  
running your own incubator.

Don't put eggs into the incubator  
when it is first started.

Don't expect strong chicks from poor  
eggs.

Don't handle the eggs or the incuba-  
tor roughly.

Don't fail to have the brooder  
ready.

Don't pamper the chicks.

Don't feed too much. Little at a  
time and often is a better rule.

Don't fail to provide sun and shade.

## Ivy Benefits Walls.

German experts, after tests, have  
decided that ivy benefits rather than  
injures stone or brick walls on which  
it grows, by drawing superfluous mois-  
ture from them.

## A Touch of Handwork.

The business woman can em-  
bellish a simple white blouse  
with her own clever fingers and im-  
part to it the distinction of  
handwork. Collar and cuffs on a  
white georgette blouse can be  
finished at the edge with an em-  
brodery running stitch in black  
floss, with tiny jet beads set at  
regular intervals. A black bow,  
drawn through button-holed  
slashes above the waistline, in-  
tensifies the black-and-white  
note. Buttonhole motifs are  
especially smart. Draw oblongs  
on the wrong side with a pencil  
and pad them with white darning  
cotton, then put the running  
stitch with black floss around  
the edge of the padded oblong.

## Terrible Train Of Troubles.

Lake Charles, La.—Mrs. E. Fou-  
r. 614 Kibbe street, says: "The  
month before I took Cardui, I could  
hardly walk. I had backache, head-  
ache, pain in my legs, chills, fainting  
spells, sick stomach, draggish feel-  
ings, and no patience or courage.  
Since taking Cardui, I have no more  
pains, can walk as far as I want to  
and feel good all the time." Take  
Cardui and be benefited by the

## Tourist Restrictions.

Persons who intend to visit New-  
foundland this summer are warned  
through the American consular service  
that they should be provided with the  
fullest identifications to prevent any  
misunderstanding. This is especially  
true in the passports of the island,  
and those who wish to do drawing,  
sketching or photographing are ad-  
vised to wait until after the war to  
do so. During 1915 the right to sketch  
or photograph was curtailed by or-  
ders in council. Even scientific ex-  
peditions which might entail sound-  
ings or the use of what might be mis-  
taken for surveying instruments are  
discouraged.

## Stop The First Cold.

Neglected colds get worse, instead  
of better. A stuffed head, a tight  
chest must be relieved at once. Dr.  
Bell's Pine-Tar-Honey is Nature's  
remedy. Honey and glycerine heal  
the irritated membrane, antiseptic  
tar loosens the phlegm, you breathe  
easier and your cold is broken up.  
Pleasant to take, Dr. Bell's Pine-  
Tar-Honey is an ideal remedy for  
children as well as grown-ups. At  
your Druggist, 25c.—Advertisement.

The Shiftless Merchant Fails.

(Copyrighted, 1914, by Thomas J. Sullivan.)  
An acorn is not an oak when it is  
sprouted. It must go through long  
summers and three winters and en-  
dure all the frost and snow and thun-  
der and storms and side striking winds  
before it is a full grown oak.

**Not Half a Man.**  
So man is not a man when he is  
created. He is only just begun. His  
manhood must come with years. He  
who travels through life prosperous  
and goes to his grave without a wrin-  
kle is not half a man. Difficulties are  
God's errands and trainers, and only  
through them can one attain to the  
fullness of manhood.

And what a chinera is man, what  
a confused chase, what a subject of  
contradiction—a proposed judge of all  
things and yet a feeble worm of the  
earth; the great depository and guar-  
dian of truth and yet a mere huddle  
of uncertainty; the glory and scandal  
of the universe!

**Woman Greatest Shoppers.**  
Man is a sort of dependent creature,  
and that is why woman took him in  
charge and relegated him to the rear  
of the procession, at least so far as the  
purchasing agent of the home neces-  
sities goes. Some extravagant guesser  
has guessed that 80 per cent of all retail  
buying is done by women.

We guess that that guess is too high.  
Men have more to do with the fam-  
ily shopping than they are often will-  
ing to have their wives, daughters and  
sisters admit to them.

Men are the court of last resort, and  
the case is often reversed, as the ex-  
changed and returned goods depart-  
ment of almost any store can testify.

Perhaps the expense of these depart-  
ments would be largely reduced if the  
stores were made more attractive to  
men, if it were less unusual and less  
embarrassing for them to shop. Cer-  
tainly it is that, even though the women  
make 80 per cent of the family pur-  
chases, the men must be catered to in  
any store that is to succeed.

**Women Very Observing.**  
But, primarily, the stores are for  
women. They make up the majority  
of every merchant's customers. For  
them the right merchandise must be  
secured; to them the merchant must  
make his appeal.

Just as surely as women are natu-  
rally more observing than men, just so  
surely will the merchant make the  
mistake of his life if he attempts to  
run his store in a sloppy, slipshod  
way. The successful store must be  
kept up to the woman's standard.

Many men who are good merchants  
in other respects fall here and then  
wonder why they do not get the trade  
—wonder why it goes to the big city  
stores or to the retail mail order  
houses.

**Attractive Store Wins.**  
Observing women who are careful  
and conscientious housekeepers are  
not going to buy in disorder and con-  
fusion. One way a merchant can  
place himself out of reach of competi-  
tion is to make his store so conspicu-  
ous for its attractiveness, its cleanli-  
ness, its immaculate order, its con-  
venience for women, that even the  
most particular of the sex will show  
her delight in it.

This is the most effective and least ex-  
pensive advertising a merchant can do.  
In the business world of today there  
is no place for a weakling. Business  
is a man's game and must be played  
in a man's way.

**Shiftless Merchant Fails**  
The failure of the merchant who  
keeps a dirty, sloppy store, in an in-  
cident, shiftless way, means another  
revolution of the wheel of progress.

His trip to the scrap heap is for the  
general good, for the betterment and  
advancement of the industry he would  
keep in disrepute. That man is al-  
ready on the ground side of the tobog-  
gan. It is but a question of time when  
he will hear him fall.

Woman's keen eye soon sorts out the  
storekeeper from the real alive, up to  
date merchant, and it does not take  
her any great length of time to forget  
that the dead, sleepy storekeeper ever  
existed, and he is so dumb and bruti-  
sh that he can't account for the loss  
of his trade.

**She Will Tell Him.**  
Let him ask any woman in his town  
why he failed to get her trade, and  
she can and will soon tell him that the  
cause was a business man of store-  
keeper as he is, and leaves the  
field to his more progressive competitor  
the better it will be for himself and  
the entire community.

## HOUSEHOLD HINTS OF VALUE

Small Things in Themselves, but They  
Will Be Found Well Worth  
of Consideration.

To make house ferns grow rapidly,  
place four or five pieces of charcoal  
on top of the soil. Keep the flower pot  
in a jardiniere, with plenty of water,  
and its rapid movement will be aston-  
ishing.

Try rubbing your stove well with  
vinegar before applying the blacking  
and you will be surprised at how much  
brighter your polish will be and how  
much longer it will last than if the  
blackening were applied to the uncleaned  
iron.

To clean the white kid shoes now so  
much in vogue make a paste of corn-  
starch and gasoline, keeping the mix-  
ture away from the fire, preferably  
out of doors. Rub the shoes thoroug-  
ly and leave in the sun to dry, when  
all superfluous powder may be rubbed  
off with a dry cloth. This prepara-  
tion is also excellent for cleaning white  
felt.

The raveled threads from old linen  
will be found best for darning table-  
cloths or napkins.

Save all tea leaves for about a week  
and place them in a pail, over which  
may be poured boiling water. Allow  
them to stand for one hour; then strain  
and bottle the liquid. This, when ap-  
plied with tannet to mirrors, win-  
dows and picture glasses, makes them  
shine like crystal.

## FOR PART OF DINNER MENU

Dish That Experts Have Recomm-  
ended as a Welcome Addition to  
the Table.

**Little Chicken Aspic.**—Line some  
plain individual molds with cool aspic  
jelly, decorate this with cooked peas  
and put them into a cool place until  
they are required. Put a quarter of a  
pint of thick mayonnaise sauce into  
a basin and mix it with a quarter of  
a pint of whipped cream. Then add  
by degrees a quarter of a pint of cool  
aspic jelly (which is still liquid).  
Have in readiness some of the white  
meat of a cooked fowl cut into small  
dice-shaped pieces, mask them quickly  
with the mayonnaise cream and fill  
the individual molds. Turn out the  
little individual aspics as soon as the  
mixture is quite firm, arrange them  
close together around a small platter  
which has been covered with chopped  
aspic and fill the middle of the dish  
with a salad composed of young peas  
(cooked) and lettuce.

**Bran and Graham Biscuit.**  
One cupful sterilized bran, two cup-  
fuls graham flour, one cupful milk,  
one egg, two teaspoonfuls sugar, one  
teaspoonful salt, two teaspoonfuls  
butter, four teaspoonfuls baking pow-  
der.

Mix the dry ingredients together,  
beat the egg slightly and add to the  
milk. Stir the liquids into the dry  
ingredients the same as for cream bis-  
cuits. Turn upon a slightly floured  
molding board and roll to one-half inch  
in thickness. Cut into shape with the  
biscuit cutter and bake in a hot oven.

Lastly, here is a very nourishing nut  
and raisin bread that is particularly  
good for the children's school luncheon,  
but it is well to chop the raisins so  
as to make them more easily digested.

**French Pickles.**  
One cucumber of sliced green toma-  
toes, one quart sliced onions, one cou-  
nander of cucumbers, pared and sliced;  
two good handfuls of salt. Let all  
stand 24 hours, then drain through a  
sieve; one-half ounce celery seed, one-  
half ounce allspice, one teaspoonful  
of white mustard seed, one teaspoonful  
of black pepper. Use a little less pepper,  
if you don't like yours too hot. Use  
one-half cupful pepper, one tablespoon-  
ful mustard, one pound of brown sugar,  
two tablespoonfuls of mustard, one  
gallon of vinegar.

**Stuffed Cucumbers.**  
Make a force meat of one cupful  
of veal or lamb, and half a cupful of  
bread crumbs; season with butter, salt  
and cayenne. Scoop out centers of  
six large-sized cucumbers, cut in  
halves. Take a slice off the bottom  
so that they will stand upright. Ar-  
range them in a deep pan, pour in a  
cupful of stock, let simmer in this, in  
oven until tender; take them out, ar-  
range on a hot dish; thicken the gravy  
with brown flour; let it boil up once  
and serve round cucumbers.

**Air Pudding.**  
Beat the whites of two eggs very  
stiff. Put through a sieve two cupfuls  
of sweetened apple sauce, turn the  
sauce into the dish with the beaten  
whites of eggs, add a little lemon fla-  
vor and beat all together. Put it in  
a dish that you will serve it from and  
set away to chill. Some say it tastes  
like sherbet (lemon).

**Graham Gems.**  
Try these and you will find they are  
"gems": One large cupful sifted gra-  
ham flour, one cupful white flour, one-  
fourth cupful molasses, one beaten  
egg, one cupful sour milk, one tea-  
spoonful soda dissolved in the milk  
and pinch salt. Bake in gem pans in  
hot oven.

**When Cooking Cranberries.**  
A quarter of an apple cooked with  
each quart of cranberries lessens the  
crudeness of their flavor but does not  
diminish their tartness.

**To Brighten Carpets.**  
Wipe them with warm water to  
which has been added a few drops of

## HIS FRIEND HURT HE HELPED HIM

Injured Man Laughed When  
Simple Treatment Was Sug-  
gested, But He Thanked  
His Comrade Later.

Once upon a time word came to  
Henry A. Voehl, of Plainfield, N. J.,  
that a close friend had been injured,  
and full of anxiety he visited the  
afflicted man, who was suffering from  
a sprained ankle.

"It was so bad that the leg had  
turned black," said Mr. Voehl in re-  
lating the story. "I told him I would  
have him out in a week and he laugh-  
ed at me. But I took him a bottle of  
Sloan's Liniment, that night he put  
some on and noticed the ankle felt  
better. I told him to use it every  
day, and in three days his ankle was  
practically well. In four days he was  
working. He gladly admits that  
Sloan's Liniment 'put him on his  
feet.'"

Sloan's Liniment can be obtained at  
all drug stores, 25c., 50c. and \$1.00.

## GREATEST WEATHER PROPHET.

Rev. Irl R. Hicks, of St. Louis, the  
greatest and most successful of weath-  
er forecasters, died on Oct. 12, 1916,  
after a short illness. Before he took  
sick he had entirely completed his  
work on the great Hicks Almanac for  
1917 and had read the proofs of all  
his weather forecasts for a year in  
advance. This noted Almanac is now  
ready and is a fine specimen of Al-  
manac making. Prof. Hicks' portrait  
was painted by a leading artist of St.  
Louis in May, and this portrait printed  
in colors, makes the frontispiece of  
the 1917 Almanac. The 1917 Almanac  
is 35 cents by mail. Prof. Hicks'  
monthly Magazine, Word and Works,  
will also be continued by the pub-  
lishers. Word and Works one year  
with the Hicks Almanac is one dollar.

#### What It Cost.

Wilbur M. Martin, treasurer of the Democratic National Committee, made public an official statement showing that \$1,584,548 had been contributed to the Democratic campaign fund in the nation, and that there remained a deficit of \$300,000.

#### One a Kentuckian.

Three United States sailors, including Grover Campbell, of Middlesboro, Ky., met death and half a score were injured in San Francisco Bay when a launch carrying thirty-five men of the supply ship Glacier's crew was swept under the paddle blades of the stern-wheel river steamer Apache.

#### Ten Cents at Mines

With seventeen coal mines in and near town, the citizens of Providence are paying the highest price for coal they have ever paid. The mines that supply local customers are now charging ten cents per bushel for coal delivered at the coal house. Early in the fall six cents was charged for the same coal. The increase in price is said to be due to the car shortage and the crying demand for coal at other points.—Hrovidence Enterprise.

#### Bosse's Plan.

Evansville, Ind., Nov. 29.—Mayor Benjamin Bosse yesterday announced that the city will at once open a municipal market and sell food, and coal to consumers at actual cost in order to lower the cost of living.

#### Hoof Plague Appears.

St. Joseph, Mo., Nov. 26.—Symptoms of one case of the foot and mouth disease were discovered today in the stock yards. Several experts from Washington are on the way here to aid in handling the situation.

## \$250,000 LIES IN RUINS

Cash and Securities in Burn-  
ed Bank's Vault Heavily  
Guarded.

Irvine, Ky., Nov. 29.—Two hundred and fifty thousand dollars in cash and thousands of dollars worth of valuable securities lie in the smoldering ruins of the Williams bank, which burned Saturday when flames laid waste half the city's business district. A heavy guard has been thrown around the ruins of the building and when the ashes are sufficiently cooled, the big vault will be opened and the treasure removed. The bank has secured temporary quarters.

Preparations already are under way to rebuild the flame swept section of the city. Two and three-story buildings, of brick, will be built at once by property owner.

### ALLEN-GARY

**Miss Besse Gary Becomes  
The Bride of Mr. Henry  
P. Allen.**

Mr. Henry P. Allen, of Cincinnati, and Miss Besse Gary, were married at South Union Baptist church Monday evening Nov. 17th, at four o'clock.

The church was beautifully decorated for the occasion and was crowded with the friends of the happy couple. Mrs. Allen Owen sang a solo and the wedding march was played by Mrs. T. C. Jones.

The maid of honor was Miss Mary Gary, a sister of the bride. The best man was Mr. Garnett Forgy, of Pembroke.

The bridal party was preceded by the ushers, Messrs. John and Joseph Gary, brothers of the bride, Allen Nuckols and Will Forgy, of Elkton.

The ceremony was performed by Rev. H. E. Gabby, pastor of the church.

Following the ceremony, Mr. and Mrs. Allen motored to this city and took the 5:29 L. & N. train South. After a brief wedding trip they will be at home in Cincinnati, Ohio, where the groom is employed in the offices of the Louisville & Nashville Railroad Company.

Mr. Allen until recently was a resident of this city, coming from Pembroke. He was with the Forbes Manufacturing Co., as secretary and treasurer, and later was in business for himself up to the time he accepted the position in the railroad service. He is a young man of fine business qualifications and excellent character and while here was prominent in church work.

His pretty bride is a daughter of Mr. and Mrs. John C. Gary and has been a teacher in the county schools. The young couple have the best wishes of a large circle of friends, for a long life of happiness and prosperity.

### Wood-Smith

Mr. Mills Wood, of Princeton, a brother to Mr. L. K. Wood, and Miss Beulah Smith, who is a sister of Mrs. Wood, will be married today at the home of Mr. and Mrs. Wood, in this city.

London, Nov. 29.—Lloyd's reports that the American steamship Chemung has been sunk.

The crew of the Chemung has been landed at Valencia by the Spanish steamer Giner, says a Reuter dispatch from Valencia today.

The Chemung was torpedoed near Cabo de Gata, according to the dispatch.

The steamer foundered with the American flag flying, it added, the captain having formerly refused to lower the flag.

### Home Inmates Wed.

Gulfport, Miss., Nov. 27.—In three small rooms, overlooking the Gulf of Mexico and lawn upon which Jefferson Davis strolled in his last years, three old couples—just married—have started housekeeping anew. The youngest bride is 64 years old, the youngest bridegroom 74. The three couples staged a triple wedding and each participant had been married before. The brides and grooms were inmates of the Jefferson Davis Beauvoir Soldiers' Home.

### BALANCED RATION FOR CALF

Separator Milk is Liable to Cause Indigestion, Capricious Appetite and Diarrhea.

(By GEORGE H. GLOVER, Colorado Agricultural College, Fort Collins.)  
Separator milk is not a balanced ration for calves. On this feed alone, and the way it is usually given to them, they are liable to get indigestion, as shown by a bloated condition, capricious appetite and diarrhea. Most of this trouble can be averted by adding a handful of oilmeal, cornmeal or cottonseed meal, to supply, in a way, the fat that has been removed in the skimming. The milk should be given to them warm and never when it is frothy. Never allow a calf to drink all of the milk that it wants at one meal. It is bad practice to allow several calves to drink out of one trough, some of them will get too much. Care in feeding calves is of vastly more importance than "cures" for calf scours.

### Forget Your Aches.

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than mussy ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. ### DAIRY FARMER LOSES MONEY

Raises Most of Feed and Buys Very Little Material—Herd Helps Keep Up Fertility of Soil.

How can a dairy farmer lose money on his cows and still make a living? The answer is easy. The farmer raises most of his feed and probably buys very little material not raised on the farm to assist him in feeding appetizing balanced rations. He has the herd to assist him in keeping up the fertility of the soil and spends little if any money for commercial fertilizers. It results in a small profit on the farm, but profit is made on feed raised and not on the dairy cattle that consume it.

The farmer who is losing money on dairy cattle, but yet making a living on his farm might possibly make more money if he sold the feed, used fertilizer to keep up the fertility of his

Promising Shorthorn Heifer.

land, and spent the time used in caring for the cows in some form of intensive farming which would make him at least wages for his time.

It is a fact that you cannot make money on a losing proposition and it follows that the man who is losing money on dairy cattle is not making a living by selling dairy products. He is making his living because of the crops produced on the farm plus the fact that his living expenses are not large.

TO PREVENT WHITE SCOURS

Pennsylvania State Experiment Station Outlines Some Suggestions to Prevent Disease.

White scours is a germ disease, hence its suppression lies in the prevention of infection. The Pennsylvania state experiment station outlines the following suggestions for the prevention of this disease:

The cow should be permitted to drop her calf upon a clean bed of straw in a thoroughly disinfected stall. Immediately after birth of the calf, the umbilical cord should be soaked in a 2 per cent solution of some standard dip. A wide-mouthed vessel will be the most convenient container for the solution, as it may be held close to the body and the cord folded down into the solution.

To prevent contamination the cord should not be touched with the fingers. After sucking, both the cord and an area three inches in diameter surrounding it should be painted with iodine, by means of a small piece of absorbent cotton. A drying powder of equal parts boric acid, powdered alum and flowers of sulphur should then be dusted on the cord twice daily until it has dried off. The powder should be applied with a dusting can.

Additional precautions include the rinsing of the cow's udder with a dip solution to destroy germs on these parts before the calf is suckled, and thorough cleaning of the stable, including disinfection of the walls and floors.

If the calf is very valuable, dairymen are advised by the Pennsylvania station to inject a serum prepared from a number of organisms found in calves with white scours, as a preventive. This should be done as soon as the calf is dropped.

Notice to Patrons.

On account of the high price of dairy feed and the sanitary precautions I use to produce clean milk, I find I am obliged to raise the price of milk to 12½ cents a quart and 6½ cents a pint, beginning Dec. 1. Hoping this will meet with your approval and thanking you for past patronage and a continuance of same,

I am yours truly,  
C. R. ATKINS.

Lightning Rods Protect Strawstacks.

For several years an Iowa farmer has protected his strawstacks with lightning rods in the same manner that he protects his farm buildings. The uprights on a stack are supported on a footboard which runs the full length of the stack, along the ridge. The rods are grounded through gas pipes, the lower ends of which are buried deep in the earth. This apparatus is used from year to year. When a stack is to be removed the cable and rods are rolled up and put aside until a new stack has been built. The device can be quickly and easily installed. Though twelve trees on this farm and three barns on neighboring farms have been struck by lightning in recent years, the barns and stacks on this farm have so far enjoyed complete immunity from damage by lightning.—From the April Popular Mechanics Magazine.

ICE ATTRACTS FISH.

Hibbard Raymond of the Lake Kenka Fishing club has discovered a new way to catch black bass in hot weather. "Bass feel the hot weather as much as we do," he said, "so I planned to make a place for them to cool off in and then catch them out of it." The other day I took a cake of ice and dropped it in the weeds in the rocky cove off Fish point. Two hours later I drifted by the spot with golden shiners on my hooks and captured two bass, one two and one-half and the other three pounds. I wheeled around and snagged a four-pounder. A few minutes later I had caught eight nice bass. The cool water is refreshing to the bass and sharpens their appetites."—Rochester (N. Y.) Correspondent New York World.

## New Treatment for Bronchitis, Asthma, Catarrh and Head Colds

Vick's "Vap-O-Rub" Salve Relieves by  
Inhalation and Absorption  
No Dosing.

No need to take internal medicines or  
habit forming drugs for these troubles.  
When Vick's "Vap-O-Rub" Salve is applied  
to the heat of the body, soothing, medi-  
cated vapors are released that are inhaled  
all night long through the air passages to  
the lungs. In addition, Vick's is absorbed  
through the skin, relieving the tightness  
and soreness. Vick's can be applied over the throat and  
chest and covered with a warm flannel  
cloth—or a little put up the nostrils—or  
melt a little in a spoon and inhale the va-  
pors arising. Also for Asthma and Hay  
Fever, rub Vick's well over the spinal col-  
umn to relax the nervous tension. 25c,  
all night long through the air passages to  
the lungs, or \$1.00.

## BOYCOTT THE EGG TRUST

New York State to Fight  
the National Egg  
Corner.

New York, Nov. 29.—Steps for a  
state wide egg boycott, with the  
weight of official sanction from mayors  
of cities throughout New York, to  
give it force, were taken today it was  
announced here by Joseph Hartigan,  
commissioner of weights and meas-  
ures, and Secretary of Mayor Mitchell's  
committee on food supply. Mr.  
Hartigan said that Mayor C. F. Burns,  
of Troy, N. Y., president of the con-  
ference of mayors of cities of New  
York state advised him by telephone  
that he was about to call upon—the  
mayor of every city in the state to  
"issue a proclamation to the people  
urging them not to use eggs for two  
weeks except for the aged, infirm,  
sick and children."

"The boycott is the only method by  
which we can smash the power of the  
special interests which are under-  
stood to control the egg market,  
Mayor Burns believes," Mr. Harti-  
gan said. "The program he proposes  
is that each commodity in turn shall  
receive the same treatment and that  
in the public interest the mayors will  
agitate the same proposition with re-  
gard to each article. In cities else-  
where the boycott is being adopted  
with official sanction."

He said motion picture interests  
have volunteered to help the boycott  
campaign by flashing slides in their  
theaters informing the public what to  
do from time to time.

A state commission to deal with the  
present increased cost of living will  
be urged upon the legislature by Gov.  
Whitman.

## LODGE OF SORROWS

Elks Will Hold Usual Me-  
morial Services Sunday  
Afternoon.

The memorial services of the Hop-  
kinsville Lodge B. P. O. E. next  
Sunday will be especially interesting.  
A feature will be the formal tributes  
paid to the three deceased members  
of 1916. The place for the services  
was still in doubt yesterday. They  
will be held either at the tabernacle  
or in one of the churches.

The program follows:  
Processional and Introductory—Ex-  
alted Ruler, V. E. Barnes.  
Prayer—Rev. G. C. Abbit.  
Hymn—Paul Twyman.  
Roll Call—Lucian H. Davis.  
Eulogy on Jno. B. Russell, Wm.  
H. Jesup and J. T. Hanbery—E. J.  
Duncan.  
Solo—Miss Nell Espie.  
Address—Hon. J. Elliott Baker,  
Princeton, Ky.

### FRANKEL'S NEW FORD.

### SOME RIDING

Autos of Christian County  
Consume 33,000 Gallons  
of Gasoline a Month.

During the month of October 33,000  
gallons of gasoline were sold by the  
Standard Oil Co., in Hopkinsville.  
This gives some idea of the number  
of automobiles in Christian county, as  
most of the gasoline is used to oper-  
ate cars. This is more than 1000 gal-  
lons a day, at a cost exceeding \$200 a  
day.

### PIANO TUNING

Wm. R. Thompson, the colored PIANO  
TUNER and REBUILDER you have heard so  
much about, will be here this week. Leave  
orders with KEACH & FRANK.
